BATTLE CREEK

Employee assaulted at Summit Pointe

Police were searching late Wednesday for a man who raped a Summit Pointe employee at Summit Pointe. The suspect entered the building at 10 p.m. on Wednesday, through an unlocked door, Battle Creek police said.

The victim was alone in the building.

The woman, whose name is being withheld because she is the victim of a sexual assault, told police she did not know the man, officers said.

She was not otherwise injured but was taken to Battle Creek Health System for testing.

She was able to give a general description of the man, who left on foot after the incident.

He is described as a black male in his late 20s to early 30s. He is about 5-foot-8 inches tall and weighs about 150 pounds.

He was wearing a green shirt, blue jeans and carrying a blue sport bag with orange markings.

The crime lab and K-9 unit were called to the scene to help track the suspect.
