MUSIC REVUE IS THE BOMB

If you haven't already picked up the October issue of Music Revue, get off your ass and get it. Thumb on over to page 10 and check out what Yvonne Glasgow had to say about us on her editor's page. Here are a few quotes. "I heard the end of their set one night at Club North and was amazed. This 3 piece has a killer indie rock sound that is more put together than some of the nationally or semi-nationally signed indie acts." Thanks Yvonne! Check out the November issue of Music Revue for an exclusive interview with Mulligan.
